

My Wife, son, and I listen to K-Love everytime we get in the car and often at home. We really enjoy the message that it shares with believers and non-believers. I beleave that it would be very bad to take these stations off the air (89.3, 89.7, 96.5). Not only would it have an adverse effect on my family, but thousand in the area and for future listeners.

Thank you for your concern in this matter.

Sincerely,
Kevin
